

OCTOBER 2019 FEATURE RELEASE FOR WESHARE

Events with WeShare Just Got Easier

The WeShare team is excited to announce two new features to the WeShare Admin Panel, along with a customer request update.

Registration List for Events Feature

As an administrator, you can view your registration list, edit any form responses, sort by column headers, and move through your registered list with ease using pagination.

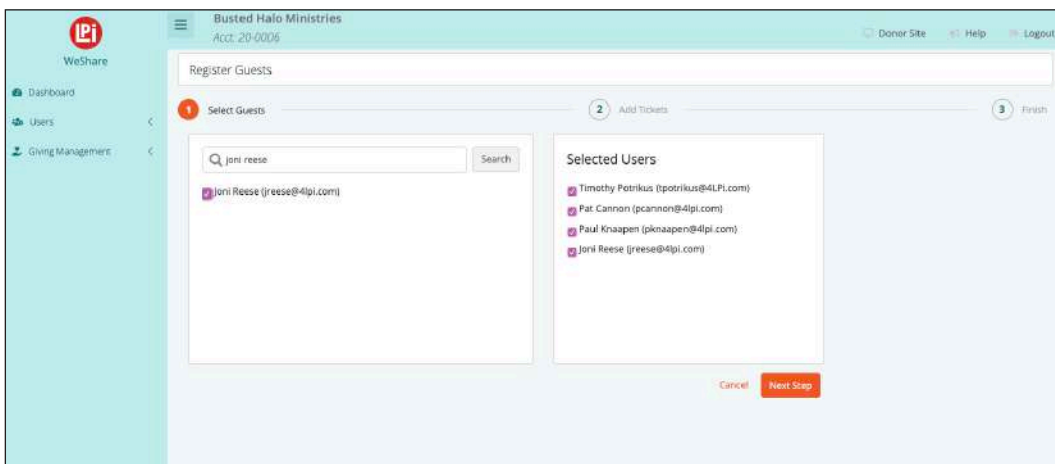

The screenshot shows the WeShare Admin Panel interface. On the left is a navigation menu with options like Dashboard, Users, and Giving Management. The main area displays the 'Registration List' for the 'Fall Harvest Family Event'. At the top, there's a search bar and buttons for 'Registration - xlsx', 'Export', 'Email Guests', and 'Register'. Below is a table with columns for Name, Registrations, Amount, Date, and Status. The table contains 12 rows of registration data. At the bottom right, there's a pagination control showing 'Showing 1 to 10 of 12 entries' and buttons for 'Previous', '1', '2', and 'Next'.

Name	Registrations	Amount	Date	Status
Timothy Patrikus	1 Build A ScareCrow	\$20.00	10/9/2019	Edit

Paul Knaapen	3 Pumpkin	\$5.00	10/8/2019	Edit
Paul Knaapen	4 Build A ScareCrow	\$1.00	10/8/2019	Edit

Multiple Guest Registration for Events Feature

Another new addition added to Events is the ability to search and select multiple guests to register at once. Follow the simple steps below to begin.

1. Go to the Registration List for a selected event and click on the Register button in the top right corner.
2. When searching for users, key in at least 3 characters (i.e., First Name, Last Name, or Email).
3. Select each user by checking the box.

The screenshot shows the 'Register Guests' process in the WeShare Admin Panel. It features a search bar with the text 'Joni reese' and a 'Search' button. Below the search bar, a list of 'Selected Users' is displayed, including Timothy Patrikus, Pat Cannon, Paul Knaapen, and Joni Reese, each with a checkbox and their email address. At the bottom right, there are 'Cancel' and 'Next Step' buttons. The interface also shows a progress indicator with three steps: '1 Select Guests', '2 Add Tickets', and '3 Finish'.

4. When ready, the Next Step button will take you to the ticket options created for that event.
5. Select a ticket and quantity type for each user.
6. When complete, click the Register button to finalize your entry.

OCTOBER 2019 FEATURE RELEASE FOR WESHARE

The screenshot shows the 'Register Guests' page for Busted Halo Ministries. The page has a sidebar with 'Weshare', 'Dashboard', 'Users', and 'Giving Management'. The main content area has a search bar and a progress indicator with three steps: '1 Select Guests', '2 Add Tickets', and '3 Finish'. Below the progress indicator is a table of registered guests:

Name	Ticket	Qty	Remaining	Price	X Remove
Timothy Porrius	Build A ScareCrow	3	85	\$20.00	X Remove
Pat Cannon	Pumpkin	5	unlimited	\$5.00	X Remove
Paul Knaapen	Free Entry To Corn Maze	1	unlimited	\$0.00	X Remove
Joni Reese	Harvest Flower Basket	2	194	\$10.00	X Remove

At the bottom right, there is a 'Total: \$105.00' and two buttons: 'Go Back' and 'Register'.

Customer Request Update

When attaching an image to a giving opportunity, the image would oftentimes become distorted. This was due to the uploading image box having a fixed set of dimensions. If the uploaded image was not as wide as the box, it would become stretched to match the box width. This has been corrected to honor the dimensions of the original image. If it is smaller than the loading image box and if larger in either dimension, the uploading box will now scale proportionately up to a given size that will fit within the page.

Upcoming Features:

- Enhancement to Contact Information
- View Saved Payment Sources
