

# MARCH 2020 FEATURE RELEASE FOR WESHARE

## WeShare Features Update

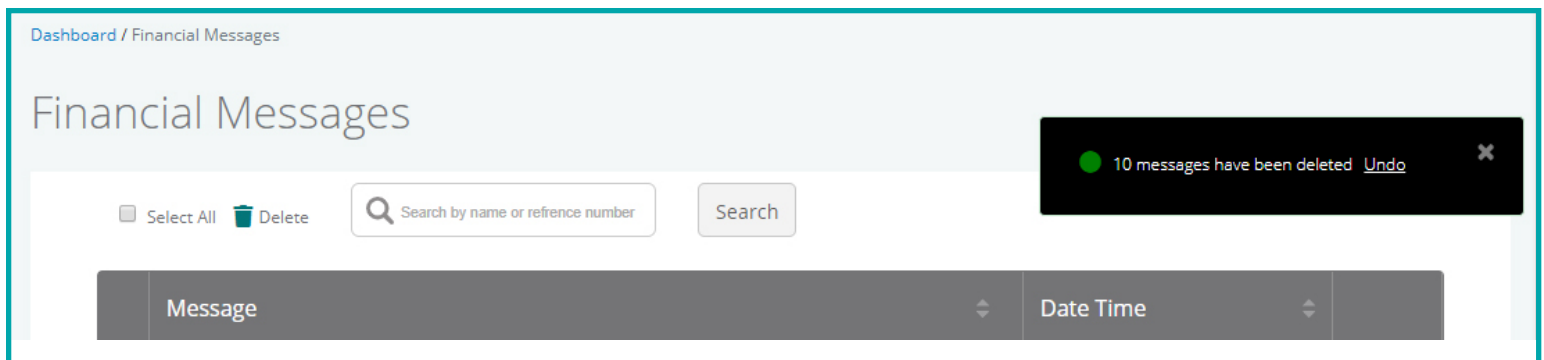

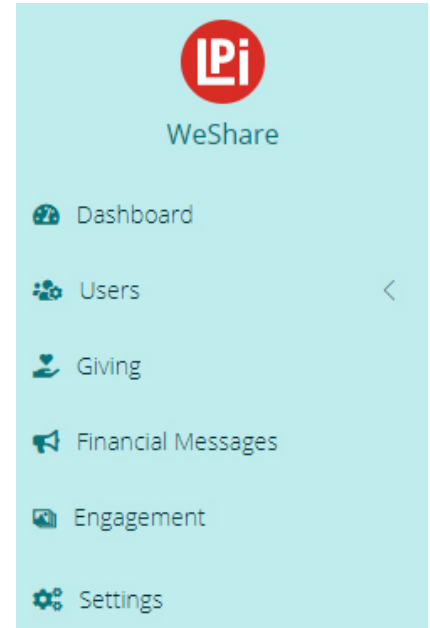

WeShare is excited to announce a new feature and a new customer request: Admins now have access to financial messages, and the financial overview download image has been corrected to stop giving an error message when attempting to download.

## Access to Settings

1. Login to your admin panel
2. Left side navigation
3. Click on Financial Messages

## Enhancements

- Search: Enter your first name, last name, date or reference number and click Search.
- Select All: Check the Select All box to delete all messages on the view page and click Delete. The total of selected messages will appear, click the Delete Message button to finalize.
- Undo: Option to undo a message that was just deleted.

## Customer Request Update

Financial overview download image was giving an error message when attempting to download. Corrected by increasing the time to validate.
